MISSED APPROACH: Climb to 4000 on YOK TACAN R-178 to BREEE and hold.
Missed approach requires RADAR or RNAV for Non-TACAN equipped aircraft.

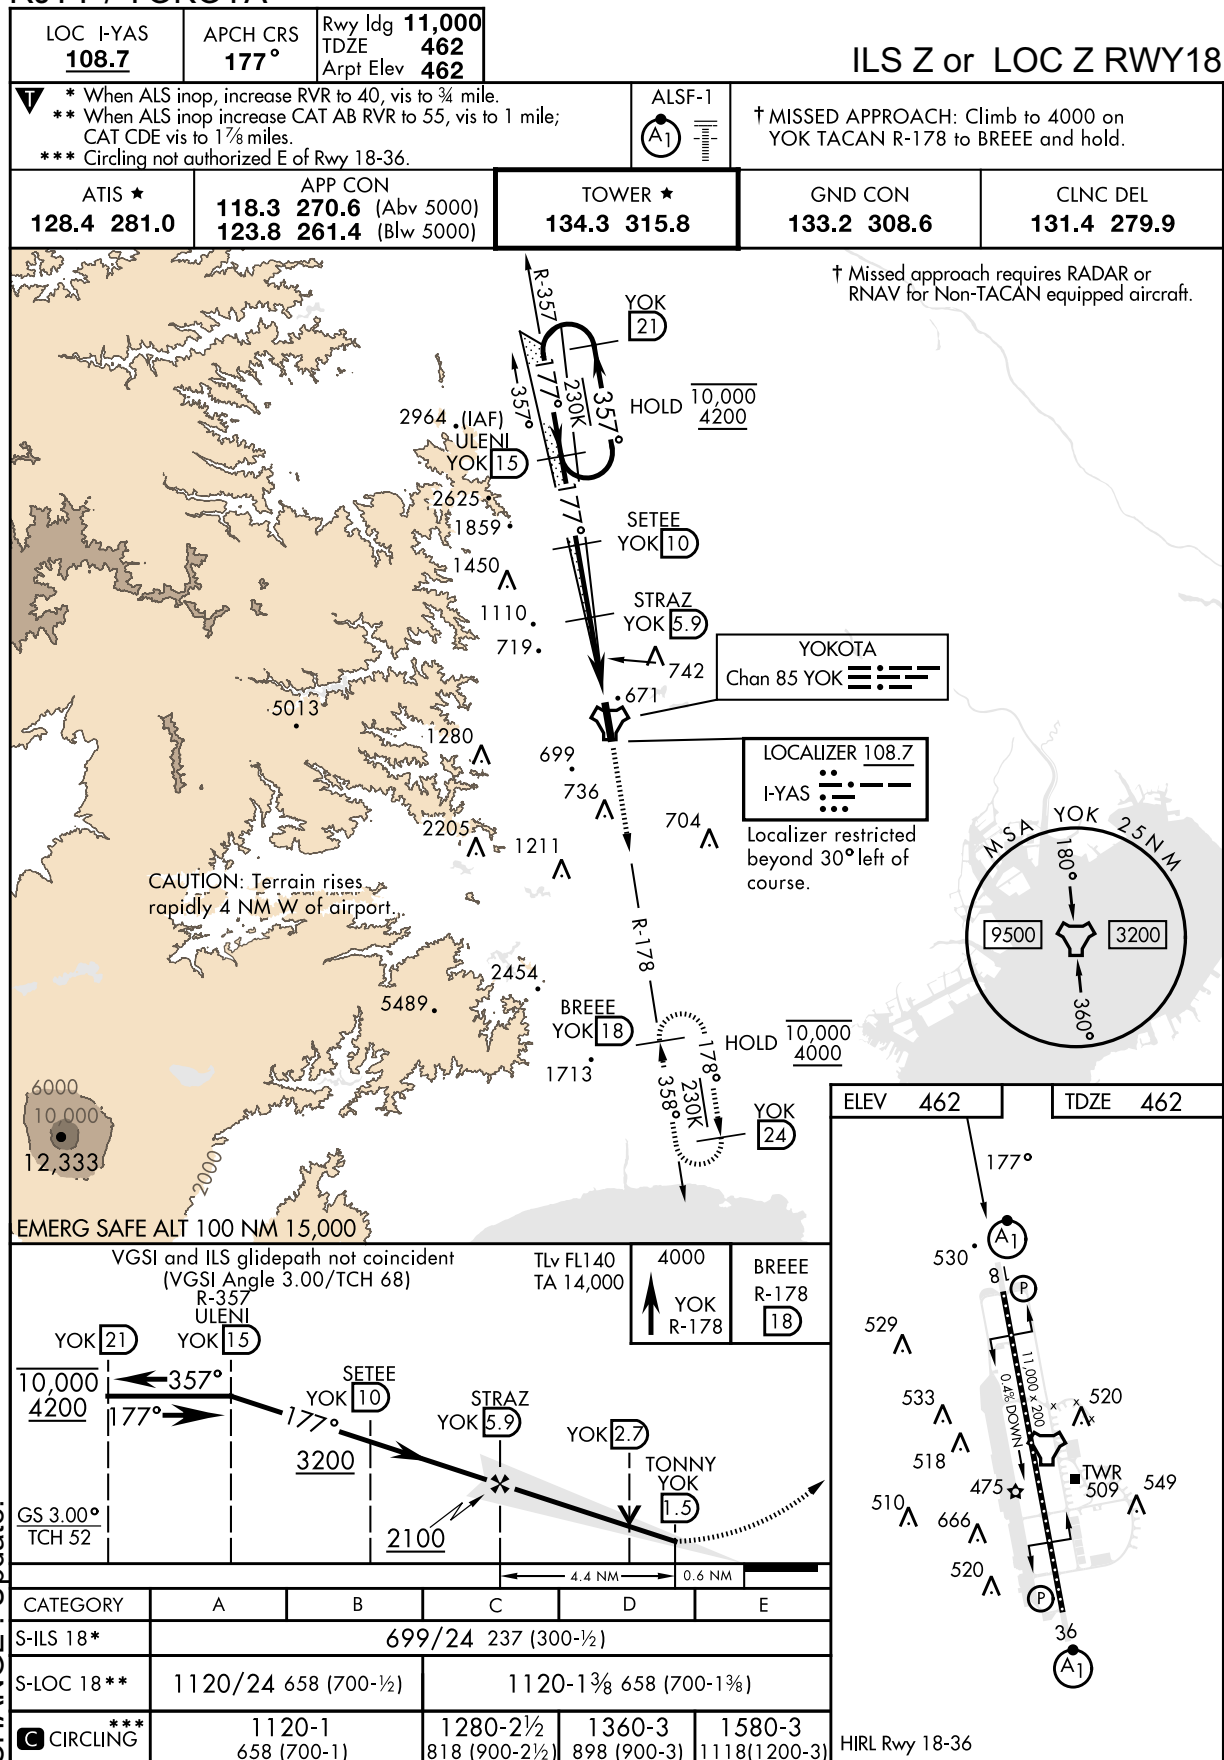

Diagram of HIRL Rwy 18-36. The diagram shows a runway layout with various markers and elevations. At the top, a box contains 'ELEV 462' and another box contains 'TDZE 462'. A vertical line with an arrow points down from the 'ELEV 462' box to a circle labeled 'A1'. To the right of this circle is the number '573'. Below the 'A1' circle is the number '81'. Further down the runway is a circle labeled 'P'. To the left of this 'P' circle is the number '565'. Below the 'P' circle is a dashed line with arrows pointing in both directions, labeled '11,000 x 200' and '0.4% DOWN'. To the left of this dashed line is the number '667' and a large letter 'A'. To the right of the dashed line is a small square labeled 'TWR'. Below the dashed line is another circle labeled 'P'. At the bottom of the runway is a circle labeled 'A1' with the number '36' next to it. The runway is shown as a shaded area with a dashed centerline and arrows indicating the direction of travel.
