## AD CHART

CHANGE : Spot 6L, 6R, 7L INSTL

RWY-HOLDING POSITION MARKINGS  
and STOP BAR LGT, RWY GUARD LGT

RWY-holding position markings and Stop bar LGT are located on RWY T-1 through T-6. RWY guard lights are located on RWY T-1 through T-6; their locations are 90m off the RWY centerline. Mandatory instruction markings are located on RWY T-1 through T-6.

## COMMON WAYS OF IT'S MARKINGS AND LGT

The diagram illustrates a railway signal system. On the left, a red circle with a horizontal bar through it represents the 'STOP BAR LGT - RED' signal. To its right, a yellow square with a black border and a diagonal line through it represents the 'TWY GUARD LGT (FLASHING YELLOW)' signal. Between these two signals, there is a vertical line with several circular markers. The top marker is a red circle with a horizontal bar. Below it are several black circles, some with horizontal bars and some without. A horizontal line with three vertical tick marks passes through these circles. The bottom part of the diagram shows a red circle with a horizontal bar, followed by a yellow square with a black border and a diagonal line, and finally a red circle with a horizontal bar.

## LONGITUDINAL PROFILE OF RWY 331.5m

RWY 28

A vertical profile diagram showing elevation changes along a horizontal distance of 3000m. The vertical axis represents elevation, with markers at 0m, 1681m, and 3000m. The horizontal axis represents distance, with a total length of 3000m indicated. The profile starts at 0m, rises to 1681m over a 0.3% slope, and then rises further to 3000m over a 0.5% slope.

Slope Segment	Length (m)	Slope (%)	Elevation Change (m)
Segment 1	1681m	0.3%	1681m
Segment 2	1319m	0.5%	1319m
Total	3000m	-	3000m
